**“Getting Kids to Help Kids”**

.....

# We Need Your Donations!

As many of you may know, Puerto Rico was recently hit hard by Hurricane Maria. This storm caused complete destruction and many people lost everything. Most people will be without power and other resources for months. The Puerto Rican people desperately need our help.

That is why starting on October 2nd, we will begin collecting donations. Some of these donations include hygiene supplies and first aid supplies (see full list of official supplies). These items will be sent to Puerto Rico to be distributed among the people living there. We hope your generosity will make a difference in somebody's life.

Thank You and God Bless.

Sincerely,

2017-2018 Reach Out Committee
