Any difference between the awarded scholarship or financial aid and stated tuition is the responsibility of the parent/guardian.

Tuition is paid through FACTS, which charges a yearly administrative fee. All families are required to register for FACTS Tuition Management at factsmgt.com and maintain an active account in good standing.

Tuition payments are due monthly (August - May). The Registration Fee will be paid at the time of enrollment. The General Fee will be paid July 15th for the upcoming year.

Eighth grade will have a \$275 non-refundable Graduation Fee. This is charged to the FACTS account in two installments, November and March.
